BATTLE OF BRITAIN

July–October 1940

The Battle of Britain has gone down in history as one of the most courageous battles of WWII.

BATTLE OF BRITAIN –the game– puts you in control of Fighter Command and the computer simulates the operations room. Your task is to deploy your aircraft against the incoming squadrons of the Luftwaffe.

You can also test your arcade skills in the optional Spitfire flight simulator.

We give three different game options.

1. The Training game lets you learn the game without being under too much pressure, 2. Blitzkrieg is an all out attack by massed Luftwaffe squadrons and 3. Campaign game is played over 30 days of the real battle with a save game feature.

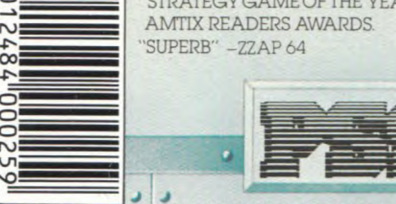

BATTLE OF BRITAIN is played in real time and is fully joystick compatible.

"ONE OF THE MOST PLAYABLE WARGAMES EVER"–
COMPUTER GAMER

"GO AND BUY IT NOW!" AMTIX

"STRATEGY GAME OF THE YEAR" –
AMTIX READERS AWARDS.

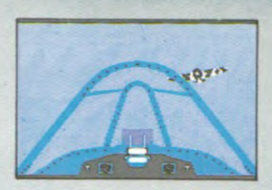

"SUPERB" –ZZAP 64
